

**CITY OF BABBITT
PUBLIC SAFETY COMMITTEE
May 26, 2011**

The meeting was called to order at 5:05p.m. by John M. Fitzpatrick.

Present for the roll call: John Fitzpatrick, Ron Marinaro (for Glen Anderson), Don Negley, and Rebecca Chase.

The first item that was discussed was the agenda and the fact that we did not have one. It was decided that all agenda additions need to be into the office by the Thursday before the meeting so that they are available the Monday before the meeting.

The next item discussed was the Emergency Response Plan.

- 1) The committee will like the chief of police to provide the committee and all department heads a copy of the emergency response plan he received from the other city.
- 2) The committee also would like to know what the city civil defense plan is.
- 3) The next item was placing a siren on the beach
- 4) The committed decided to have a special meeting on June 7th at 5:00pm to work on the plan. We would also like for the Terry Switajewski, Ryan Scharber and Mike Rhein to attend this meeting.

The next item was a recommendation to the council to have the department heads of the police, fire and ambulance to attend the public safety meeting.

Next was a recommendation to the council to direct the police chief to put the police report in the paper.

There was also a discussion on the lock at the beach. The committee recommendation to the council is that locking the beach be put back in the hands of the police.

Meeting adjourned at 5:45

Respectfully submitted,

John Fitzpatrick
