

CITY OF BABBITT
PUBLIC WORKS MEETING
January 31, 2012

The Public Works meeting was called to order at 9:30 a.m. on this date.

Present were Rich Posey, Glenn Anderson, and Ron Marinaro.

Discussion was held if the City would like to participate in the St. Louis County Crack Sealing Program for 2012; Posey informed the Committee which streets are next on the list to be done. Information will be in the next Council packet.

Posey informed the Committee that the County will be milling and overlaying Highway 21 from the Niemi Road to the intersection of Highway 21 and County Road 70. There are two culverts in the City's right-of-way that the County will be surveying and coming up with a figure to purchase from the City, due to larger size culverts.

Sanding the side street on the corners and stop signs was reviewed. Posey said it will be done today or tomorrow. There have been a few calls by citizens to have this done.

Member Anderson inquired when the new dump/plow truck would be done; Posey was hopeful it would be ready by the middle of February. There was a hold-up on some hydraulic parts.

The meeting was adjourned at 10:05 a.m.

Respectfully submitted,

Richard Posey, Street Supervisor
